

Healthy Opportunity to provide a residual income

Mark & I after many years of dealing in the retail and wholesale healthy living and food industry have wanted to make a way to reward our very loyal customers. This is in place of paying retailers, merchandisers, distribution agents and marketers amounts that put most people out of business in time.

We believe that with the present economic climate the timing is right and have introduced a more natural way to do business, that will provide a residual (regular monthly) income for all of you, as well as supply you with our products at the best possible price and in the freshest condition.

We have provided a wide variety of healthy products, food, personal & household products.

By telling others and encouraging them to purchase products on line you will receive rebates of up to 27% plus bonuses of 3% totaling 30%.

Possibly the quickest way to get going to a wider market than the health conscious is to take 3 products that everyone anywhere uses

Toilet Paper
Soap powder
Liquid soap

Soap Powder & cleaning materials for Affiliate system

Soap Powder 2kg - you use very little so that on overage our soap powder costs 30-50% LESS that other brands – as it contains no fillers or perfumes, yet requires no softening - another huge saving on costs and environmental damage! It smells natural (slight lemon). Thousands of people use this because it causes no skin and or allergic reactions.

Toilet paper – Surprisingly our toilet paper is not only soft and available in 1 & 2 ply, but costs what your average role costs. More importantly it is oxygen bleached and not with chlorine, so does not cause redness and itching in the areas it is used and no bladder infections!

Paper wipes or Tissues - Our paper wipes can be used as tissues and never cause a red scaly nose no matter how much you may blow your nose and they are strong and big to handle the worse hay fever or cold and or sticky hands

Liquid soap –Our liquid soap is highly concentrated and can be used as the only cleaning agent in your home;

Dishes, including the dishwasher, Bubble bath, Dogs & cats, Cars, Floors, Baths, Stoves, ovens etc. , etc. ,etc.

Can run off into the garden and cause no damage to your plants

Safe if consumed by mistake.

Everyone needs to go to the bathroom
Everyone needs to wash their clothes
Everyone needs to wash their dishes
Everyone needs to blow their nose and or wipe their hands

Our products just allow them to do it in a more environmentally friendly, safe yet highly efficient way, and while they do so they are able to earn a good income.

So why not purchase from www.mary-anns.com, protect your body, your environment and your children's and grandchildren's future, and provide a residual income for yourself, your school, charity or church and your friends and an inheritance for your family.

Now if the daily essentials are too mundane for you, you can buy our preservative free dried fruit, raw nuts, honey dipped and rolled in almonds and cinnamon (or coconut and vanilla etc.) dehydrated apple rings.

Or you could just buy other essentials such as brown rice, beans, raw honey, lentils, gluten free pasta, gluten free flour, preservative free dried fruit, nuts and seeds, extra virgin olive oil, coconut oil, spices and seasonings, shampoo and conditioner, natural face cream, body butter etc.

We have healthy, natural cashew fudge, honey halva, carob bars, dried chili tomato 'chips', NON GMO popcorn high in beta carotene, herb salts, veg stock, extra virgin oils, coconut oil, natural and organic hair products, shampoos, conditioners, make up, personal care for women, books, DVDs, seeds, legumes, rice, gluten free products (pizza & bread mix and ready made bases) baking mixes, Turkish delight, flax crackers, olives, gluten free pasta, Malted carob drinks, organic decaf, etc. etc. etc.

So the quickest way to get your income going is to go to your friends and family and or your local school, charity or church and get them signed up as an affiliate member, then tell the parents what I have just told you and try your best to get at least 50 families to spend their toilet paper and soap budget on line every month at www.naturalway.co.za and ask the school to refer 1 other school and do the same presentation, aiming at 50 families for each school. Your local school will receive a rebate as will you.

You could find 16 family and or friends to purchase for R500 a month your rebate & discount would cover your personal order and if you encourage those 16 to find 16 – your rebate and discount would be close to R6000 and then if each of those 16 people tell another 16 and you will receive a rebate of about R60 000 and if you get your church, or school or charity to do the same they could receive the same!

OK, I know you think there is some catch, but check it out and while on the front page scroll down to the income estimator at the bottom of the front page and add in what it would cost each person in the space provided and how much you could earn.
